schoolstream
A smart solution for smart schools

Our school has purchased schoolstream which is available free for users to download. You need to download the app to receive:

School Newsletters
Canteen - Menu & Specials
Events - Sports Day Program, Governing Council reminders, ATSI Family Voice, Transition visits, Early Dismissals, etc.
Alerts - health alerts, job vacancies, etc.

As the subscribers to our free app increases we will continue to introduce more uses.

If you would like to make suggestions on information you would like to see shared on our app, please contact us at the school - phone 8647 3300.

How to get the school stream app on your mobile device

1. From your mobile device go to the App Store (iPhone/iPad) or Play Store (Android), search for school stream and download the app to your phone.
2. Make sure you agree to push notifications.
3. Once schoolstream has finished installing, open the app, type 'Port Augusta Secondary School' into the search box, then select it.
4. Are your children attending a different school? Tap the school selector, select add a school, type the school name into the search then add. Jump between your children's schools by touching the school name/logo into the top blue bar, or switch schools from the slide-in menu.

For more detailed instructions go to schoolstream.com.au/download.

If you do not have a smart phone, please contact Student Services, advising of your email address or to organise another way to receive your newsletter.
