

# STRONGER SMARTER

Study centre

Dear Parents/Caregivers,

This year in the Aboriginal Education room we are again opening the PASS Stronger Smarter Study Centre. It is an exciting opportunity for your child/children to get support from tutors to complete their homework and study. Cheryl Crane will be the tutor as well as having teachers available to support your child.

The Centre will be running from the Aboriginal Education room on the following days:

**Monday 2:30-4:00pm**

**Tuesday 3:00-4:30pm**

**Wednesday 3:00-4:30pm**

**Thursday 3:00-4:30pm**

Each week your child will walk straight from their last class to the Aboriginal Education room where they will receive some snacks (brain food!). During this time your child will work with tutors on assignments and study skills.

It is the parent's responsibility to make sure students travel safely home from the Study Centre. Either your child can walk home unsupervised or you can pick your child up from the school.

We believe in the potential of each student and we are here to help your child succeed in their schooling. For more information please contact the Aboriginal Education team on (08) 86473345.

Please complete the attached permission slip to register your child.

Sincerely,

**Angela Hancock**

Senior Leader Aboriginal Education

**Cheryl Crane**

Aboriginal Program Assistance Scheme Tutor
