## Manage your licenses and uninstall Office 365

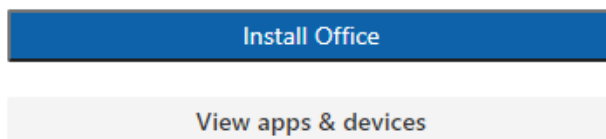

You can have Office 365 installed on 5 personal devices across Windows, Apple Mac and mobiles.

If you install Office 365 on more devices, Office will log you out of older devices to keep you under your licensing limit. This will not uninstall the software from your devices.

To check what devices are using licenses, go to <https://portal.office.com/account/>, sign-in with your LearnLink account and click 'View apps & devices'.
